SUMMARY

Aspiring Data Analyst with a strong interest in transforming data into actionable insights that support data-driven decision-making and improve business performance. Gaining hands-on experience through practical projects and professional training in data analysis, while continuously developing business and technical skills. Currently expanding my expertise through the Digital Egypt Pioneers Initiative (DEPI), with a focus on Machine Learning after completing Data Analysis training. Passionate about applying analytical thinking to real-world business challenges and continuously learning new technologies and methodologies.

EDUCATION

Port Said University Sep 2023 - Jun 2027
Bachelor of Information Technology and Management (ITM)

EXPERIENCE

Panifica Românească | Freelance Data Analysis April 2026

- Designed and built a multi-page Power BI dashboard featuring a centralized navigation landing page and dark mode interface.
- Tracked 9,806 conversions, \$157.3K ad spend, ROAS, CPA, and customer segmentation to optimize marketing campaigns.

GlowSpace Interiors | Freelance Data Analysis April 2026

- Developed an interactive Power BI dashboard to analyze operational data and track KPIs.
- Reduced reporting time by 25% and improved reporting efficiency.

TECHNICAL SKILLS

- Data Analysis & Management:** Strong expertise in utilizing SQL (MS SQL Server), Python (Pandas, NumPy), Power BI (DAX, Power Query), and Advanced Excel for data cleaning, validation, and comprehensive analysis.
- Machine Learning & Predictive Modeling:** Developing and evaluating machine learning models using Python libraries and algorithms such as Random Forest, XGBoost, Linear Regression, KNN, Naive Bayes, and Facebook Prophet for forecasting and data-driven insights.
- Data Operations & AI Tools:** Proficient in ETL processes, data quality assessment, data annotation, documentation, and leveraging AI tools (ChatGPT, Gemini, Claude) for prompt evaluation and workflow enhancement.

PROJECTS

Data Analyst Intern | National Telecommunication Institute (NTI) Nov 2025 – Jan 2026

- Utilized SQL Server, Python, Advanced Excel, Power BI, and Tableau to process and analyze large datasets.
- Built interactive multi-page dashboards to transform unstructured data into actionable strategic business insights.
- Collaborated with peers on data visualization methodologies and optimized SQL queries for data extraction.

NTI Academy Database & ERD Design | Database Designer

Dec 2025 – Jan 2026

- Designed a relational SQL database structure and Entity-Relationship Diagram (ERD) for faculty training programs.
- Defined relational schemas, junction tables, and primary/foreign key constraints to ensure complete data integrity.

FullTank: AI-Driven Fuel Price Prediction | Data Team Member

Dec 2025 – Jan 2026

- Collaborated on a Machine Learning predictive system utilizing 5 models to forecast Egyptian fuel price trends based on economic factors

CERTIFICATIONS

• NTI – Data Analysis Track (94%)	Nov 2025 -Dec 2025
• DataCamp – introduction to power-bi	Feb2026
• DataCamp - Introduction to Dax in Power-bi	Feb 2026
• DataCamp - data visualization in power-bi	Mar 2026
• DataCamp - lcase study analyzing customer churn	Mar 2026
• ITI CS50 – Introduction to Computer Science	Dec 2025
• ITI – Python Programming Level 1	Nov 2025

EXPERIENCE & VOLUNTEER WORK

HR Representative | YLY Student Union

Feb 2026

- **Team Coordination:** Monitored team performance and improved task completion efficiency through structured coordination and follow-ups.
- **Task Coordination:** Managed task distribution and followed up on internal communications to maintain team discipline and workflow.

Cor Team Member | "For Our Children" Initiative(UNODC)

Mar 2023 - Jul 2025

- **Activity Organization:** Organized and coordinated various community activities, ensuring all logistics were prepared for smooth execution.
- **Creative Contributions:** Provided innovative ideas and suggestions to enhance the initiative’s activities and increase their impact.

Organizer | ECPC (Egyptian Collegiate Programming Contest)

Jun 2023 - Jun 2025

- **Contest Coordination:** Organized local programming contests and monitored the environment to ensure a fair and cheat-free competition.
- **Operational Support:** Assisted participants by solving immediate issues and ensuring a smooth workflow throughout the events.

LANGUAGES

- **Languages:** Arabic (Native) | English (Intermediate).
